Dyspopela-lits Causes, its Consequences, at cure.
The cause which give rise to dyspect If special the consequences is to describe a set of the service which it assumes. In one case it is found as the assumes the forms which it assumes. In one case it is found as the assume of the second of continued and producted indulgence in the use of saturctures are porter houses, and group series as pure brandy, run, gin or whiskey.

As the cravings for these notions compounds increase with their use, the coas of the stomach first become inflamed, and subsequently softon; its lubricating luices of ry up, its nervo-muscular power is destroyed, while the increased sensitility of its interest of the increased sensitility of its interest of the increased sensitility of its interest of the simulus.

At other times, the disease arises as the consequence of a sensition of the stimulus.

At other times, the disease arises as the consequence of a sensition of the stimulus in the sensitive of the stomach, (the great so-vent is this living laborator,), whereby the food cannot be properties of the stomach of the sensitive of the stomach, the sensitive of the stomach, the sensitive of the stomach of the sensitive of the stomach of the sensitive of the stomach, the sensitive of the stomach of the sensitive manual transfer of the sensitive o

syspepsia.
The is scarcely a solitary disease of which indigestion may
rm the basis; many of our pulmonary diseases have no
origin, and particularly consumption.

sais; many of our pulmonary diseases have no and particularly consumption. metropolis, where sees for wars to be foremost, as the mart of gain, as health and ruined constitutions are too often foremost, as the mart of gain, the said and of the day is rather belied than tipal meal of the day is rather belied than ity of its consumption being only exceeded by organic derangement produced, indigestion is stant recurrence. of constant recurrence, and proximate causes of this iversal ma ady, in which the healthy secretions of the spartfally or wholly destroyed, its effects are expanded, a total depression of hervous, muscular and

stem are partiation, a total depression of nervous, muscular and mial energy.

In the cure of this train of evils, what are the chief indica as? To restore the proper secretions by the aid of gentle mulants and tonics acting on the glandul a system through leggmic nerves, to receive congestions in the liver, spleen, it is a subject to the partial accumulations of animal atter, by aperients and purgatives, to aid muscular contractivity by well-timed, gentle exercise. To effect it e first of these intentions, the restoration of the meritima. I have found "Wolfe's Schiedean Schnappe" situated the water, taken in small quantities, and at frequent and restorations, and the whole to the patient, and superior in its restraints generally a stable to the patient, and superior in its restraints effect, to any preparation of the materia medica. The secretion of the lidneys is primarily restored, the dorman energies of the liver are aroused, perspiration appears a the akin, and the whole secretory system assumes now life as energy. No victim of dyspepsia should ever drink cold state alone—it will invariably increase the disease, when takes in a remaining of the person of the state alone—it will invariably increase the disease, when takes in a total color of the person of the person

as to accous it will protected fermented, or distilled liquors, set sure liquor, when taken in moderation, and medicinally, st sure liquor, when taken in moderation, and medicinally, will always prove benefacial in aiding digestion, where it is reak, and by counteracting various depressing influences which are frequently arising out of the artificial conditions and assetyments or society in our large towns and cities. It total abstinence, is under any view, preferable to moderates in the use of any preparation of alcohol, such as Mr. Welle's, to which I have alluded, it is only because it is more alludery in its only because it is more alludery in its only because it is more alludery in its physical or practise, not because it is more allutary in its physicals.

Chaps, Chafes, Rough, Tender, Flesh-phapies, treckies, eruptions, &c., oured by GOURAUD'S its iss medicated seap. Pourier subtic uprota hair fron low kercheads or any part of the body. Rouge illy white hair dys and restorative. At the old depot, 67 Walker street, first store from Breadway.

A VERY INTERESTING CEREMONY TOOK PLACE
In the Seventeenth ward on Wednesday evening last, namely:—The galvanizing of the Son Shell Ward Committee for the current year; only a few of the twenty composing it were present, most of whom are officials in high standing. The farce was under the immediate superintendence of an av officio, a recyclidit political architect, and he astoniched all from the know-ledge he displayed in galvanism. It would be an injustice to say that this committee do not faithfully represent the Saventeenth, including Mackerslville, and all the adjoining lands and premises therein to belonging within given parallels. Therefore, one is buind to confess that it was they who made the updue purallels design.

Sure as De Moivre- without rule or line. P. B.
